HTML | CSS | Redux | Typescript | ReactJS | NextJS | Tailwind CSS | JavaScript | NodeJS | ExpressJS | SQL | MongoDB | Git | Firebase | SEO | Content Marketing | SMM | Project Management | Communication | Leadership | Time Management | Adaptability | Problem Solving | Teamwork | Creativity

INTERNSHIP

Summer Intern   June 2024 – July 2024
Board Infinity | Remote | C++
- Developed a Library Management System using C++ and Data Structures & Algorithms (DSA).
- Implemented efficient data handling with linked lists, trees and hash tables for book management.
- Designed features for book borrowing, returning and user management with optimized search operations.
- Focused on code efficiency and modular design to enhance scalability and maintainability.

PROJECTS

ThinkArena   View in GitHub
- Developed a responsive quiz app using ReactJS, Tailwind CSS and Firebase.
- Developed a responsive and dynamic quiz web application using ReactJS, Tailwind CSS, and Firebase.
- Implemented user authentication, quiz tracking, and performance visualization using real-time graphs.
- Proficiency with browser-based debugging and performance testing
- Experience with user interface design, technical design, and wireframing tools

Netflix Clone   View in GitHub
- Built a fully functional Netflix Clone using ReactJS, Tailwind CSS, and Firebase for frontend and backend services.
- Integrated TheMovieDB API to dynamically fetch and display trending movies and TV shows.
- Implemented user authentication using Firebase Auth and stored user preferences securely in Firestore.
- Designed a sleek, responsive user interface optimized for both desktop and mobile devices.
- Proficiency with frontend AI based vibe coding

VRG_World   Blog Link
- Built a Netflix Clone using ReactJS, Tailwind CSS and Firebase.
- Managed digital marketing for VRG_World using SEO, Google Ads, SEMrush and SMM strategies.
- Executed content marketing, ad campaigns and social media promotions to boost reach and engagement.
- Learned keywords research, campaign optimization, analytics tracking and audience targeting.
